

Edgerton Hospital Capital Foundation

OUR VISION, SECURING THE FUTURE.

### Support Your Local Hospital

Edgerton Hospital is building YOU a new facility, and we need YOU to make it happen! While HUD financed 90% of the \$26 million building project, the Edgerton Hospital Capital Foundation is responsible for raising an additional \$1.5 million to successfully complete the project. For information on how you can help to ensure a bright future for local health care, contact:

**CALL:** To make a donation or pledge, call Bonnie Robinson, Foundation Director, at 608-884-1401.

**CLICK:** To make a secure donation via credit card, visit our website at [edgertonhospital.com](http://edgertonhospital.com). Or, email Bonnie at [brobinson@edgertonhospital.com](mailto:brobinson@edgertonhospital.com)

**VISIT:** Stop by and make a donation or pledge in person. Visit our front desk at 313 Stoughton Rd. and ask for Bonnie.

>>> We still have naming opportunities available at the new hospital. Ask for details!

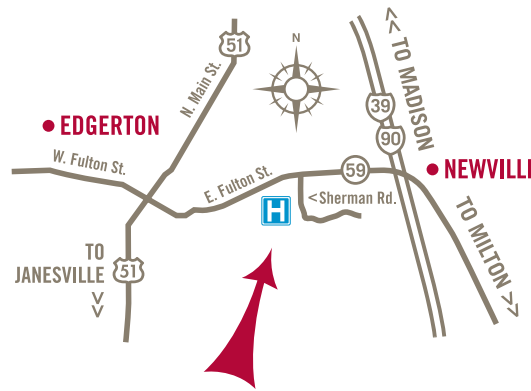

### Strong Partnership

Edgerton Hospital and St. Mary's Hospital have partnered to ensure that the best health care services will always be available at the local level. With renowned Dean and St. Mary's physicians standing by, ready to lend their expertise, our teams will be ready for any situation that may arise.

Affiliate of SSM Health Care of Wisconsin/St. Mary's Hospital

# Building a Strong, Healthy Community

*The new Edgerton Hospital and Dean Clinic Edgerton will ensure a bright future for hometown health care. Edgerton, Milton and the surrounding communities can rest assured that top-quality physicians, health care professionals, equipment and programs will be at their fingertips.*

**The new Edgerton Hospital and Dean Clinic Edgerton are scheduled to open on October 1, 2011.**

## Project Details

**Project Cost** – \$26 million

**To Be Raised** – \$1.5 million

**Estimated Completion Date** – October 1, 2011

**Square Footage** – 52,400 sf

**Construction Management** – Gilbane Building Co.

## New Location – Same Quality Care

Located at the corner of Highway 59 and Sherman Road, near Newville, the new hospital and clinic will offer quick and easy access.

Patients of the new Edgerton Hospital and Dean Clinic Edgerton will find the same top-quality, hometown care they have come to expect. Our passionate, caring staff is eager to treat patients in a new facility that will offer amenities such as:

- Private patient rooms
- State-of-the-art medical equipment
- Geothermal temperature controlled rooms
- Electronic health record
- Easy access from Interstate 90

## A Full Range of Services:

|                             |                                |
|-----------------------------|--------------------------------|
| Acute Care                  | Rehabilitation Services –      |
| Community Education         | Physical, Occupational, Speech |
| Diabetes Management         | Cardiac Rehabilitation         |
| Diagnostic Services         | Sleep Disorders Center         |
| Emergency Department        | General Surgery                |
| Nutrition Services          | Swing Bed Program              |
| Outpatient Surgery          | Urgent Care                    |
| Patient and Family Services | Wound Care Clinic              |

## Technology Savvy

Edgerton Hospital will be implementing Epic, an electronic health record, to provide instant access to your medical records and enhance patient care. This same technology is used at Dean Clinic, as well as St. Mary's Hospital. Secure, electronic access between these providers creates an accurate record, a safer patient care experience and easy transfer of information when patients see multiple caregivers.

## Proud to be Green Built

Protecting the environment as we build is our responsibility, not only to Mother Nature, but to our patients as well. Edgerton Hospital is the first critical access hospital in the United States to build using geothermal heating and cooling. Here are just a few of the ways that we are building green:

- High-performance electrical
- Green roofs
- Zero volatile organic building materials
- Low-flow plumbing fixtures
- Onsite construction recycling
- Water efficient landscaping with no irrigation system

**Location** – 69 acres on the corner of Hwy. 59 and Sherman Rd

**Dean Clinic Edgerton** – 12,000 sf and will be home to 8-10 physicians

**Affiliation** – Edgerton Hospital is an affiliate of SSM Health Care of Wisconsin/St. Mary's Hospital

 **Edgerton  
HOSPITAL**  
AND HEALTH SERVICES
